

AstroScope™

for Nikon and Canon dSLR Cameras

NIGHT VISION ADAPTER

FOR EXPORT ONLY

AstroScope™ is an advanced night vision module that incorporates a state-of-the-art image intensifier and high quality optics to transform dark scenes into bright, high resolution images and videos. The AstroScope™ is specifically designed to be used with a Nikon or Canon digital camera. The modules mount seamlessly between the camera body and lens. AstroScope™ delivers seamless integration with the camera body and requires no additional batteries. When you need to get the shot, AstroScope™ delivers.
